

4 August 1965

SUBJECT: Contract FH-7322 - Electronic Multiplex Switch

Dear Frank,

Request the contractor be authorized to accomplish the following effort under subject contract:

1. Ten (10) each Electronic Multiplex Switches in accordance with contractor's document entitled "Electronic Multiplex Switch J-4939" dated 29 June 1965.

2. The contractor will submit a test plan which outlines the use of the articles after completion of fabrication to the SPO for approval 90 days after go-ahead.

3. The above effort will include coordination with ADP.

The contractor's letter forwarding the document specified in 1 above is forwarded for your information. The price quoted therein is subject to your negotiation.

The contractor's delivery schedule as specified in Figure 4 of the J-4939 document as it pertains to 10 units will apply to this effort.

The SPO desires that the price of this procurement not exceed \$150,000. If for some reason you cannot negotiate a procurement for \$150,000 or less, the SPO is willing to take lesser quantities of switches.

Best regards,

George
